Draft Beer

Pilsner Urquell .5L (17 FL. Oz)

The World's first "Golden Beer". Before 1842 beers were dark and cloudy until a revolutionary break through took place in the city of Pilsen, in today's Czech Republic. In its purest sense, the term Pilsner describes an especially hoppy, golden beer brewed in the city of Pilsen. It has been much copied but never equaled, by all the golden color beers ever since. Pilsner Urquell literally translated means "Pilsner from the original source" and its intensely rewarding taste remains true to the original brew.

Paulaner Munich .5L (17 FL. Oz)

The Paulaner Brewery, founded by monks in 1634, has played a significant role in establishing Munich's reputation as the "Beer Center of the World." Paulaner Brauerei AG is the leading brewery in Bavaria and strictly adheres to the "Reinheitsgebot" Purity Law of 1516. This law mandates that beer can only be made from four ingredients: malted barley, hops, yeast and water. Paulaner beers contain no preservatives or additives. For this reason, you can be assured that the Paulaner you enjoy here at Old Europe is the same beer that is enjoyed in Munich.
